

District 16C NJ

News and Notes

from District Governor Dayl Baile

Dear Lions,

During the 2011/2012 Lion's year, I am encouraging every club in our district to believe in, and take action to strengthen, our membership, by caring for fellow members as if they are family. Many clubs have already started to expand their service to new heights by taking on new service projects, such as tree planting and environmental clean ups. We need to believe in nurturing our future by involving more young people and Leos in all that we do. Believe that one person can make a difference. Believe that together as Lions we can make an impact on the world. Believe that changing a life, or the world, starts with each one of us.

Leos are future Lions

In our district, many clubs sponsor and work together with Leo Clubs. If you do not have a Leo Club in your local school, you really don't know what you are missing! The excitement that these young people bring to a project is infectious to your club. If you need help or would like information on starting a Leo Club in your local school, please contact our Leo Club Advisor, PDG Dee Weimer (Dee615@verizon.net) She will be glad to help you with Leo Club information.

District 16C Charitable Foundation

In this time of need, the Foundation should be commended for coming up with a great program to match any monies given to your local food bank by clubs. Please make sure to document the impact of this program (with photos, letters, etc sent to The Foundation) so they can see how worth while this program is locally.

Great job, 16C Foundation!

Lions facts:

In the late 1950s, Lions created the Leo program to provide the youth of the world with an opportunity for personal development through volunteering. There are approximately 144,000 Leos and 5700 Leo Clubs in more than 140 countries worldwide.

WE SERVE

The Lions make a difference every day, everywhere. Whether by organizing a pancake breakfast fundraiser or building a wheelchair ramp for someone in need, we are a hands on organization.
