August 1st, 2010

International President Lion Sid Scruggs III and wife Judy with District Governor Jim Heisler and wife Janice at the Int'l Convention in Sydney, Australia

Lion Sid Scruggs III...

A Beacon of Hope

A Lion from Vass, North Carolina, USA, A Navy Pilot and naval pilot instructor, International Airline pilot and instructor. A Lighthouse for his pin. Cape Hatteras Light on the Outer Banks of his home state. A light that has endured since 1807. The light rotates every 5.7 second. The light that has guided thousands of ships and men to a safe harbor. Now Lion Sid wishes to use that image of the light as a Beacon OF Hope to 1.3 millions Lions in 205 countries and areas around the world. Helen Keller asked the Lions to help her bring Light to others. We answered that call as no other organization could. That light of service is more relevant today Lion Sid brings out this passage from Helen Keller's "A Ray of Light from another soul to others." We answered that call as no other organization could, and our light of service is more relevant today than ever before. Yes- technology has added convenience to our lives, and we are all thankful for medical advances that have improved the quality of life,

and in many cases have made it possible to eradicate diseases that have plagued humankind. But in spite of advances far too numerous to mention, that have made our lives better, nothing has replaced the need for human interaction. There is no substitute for outstretched hand offered in service. Built on a solid foundation of volunteer service, Lions Clubs International has been providing hope to those in need since 1917. Throughout our history, Lions have been shining a light, highlighting health and happiness for millions of people living in darkness and despair. There is a Light that emanates from each every Lion member. You can see it in their eyes, you can see it in their smile, and you can see it in their actions.

Helen Keller quote” a ray of light from another soul touched the darkness of my mind and I found myself...and broke through the dark, silent imprisonment which held me.”

As we navigate our way through this year, there may be unforeseen obstacles along the way, rugged shorelines, storms and rough seas. But there are over 1.3 million lighthouses in 205 countries- Lions members who will continue to light the way, and continue as beacons of hope. As the International President, Lion Sid Scruggs III says.” **I want Lions to realize they are the ones that people look to, for a promise of a better tomorrow. They are that “The Beacon of Hope.”**
