

DISTRICT 16C GOVERNOR'S JOURNAL

The Beam of Hope Express

Lions You are that Beacon of Hope

Monthly Newsletter Number 1 of 12

July 8, 2010

This district Journal will be e-mailed once a month to the club President and Secretary or Treasurer or Membership Chair with the Governor's visitation schedule for that month, along with the event schedule of the preceding month. It will carry some of the events for the following month's activities. Please circulate copies to your members.

Fresh from Sydney, Australia

A Beacon of Hope is the theme for this year (2010-2011) from the new International President from North Carolina, Lion Sid Scrubbs III. Lion's Sid theme will focus on SERVICE: "We Serve". His pin spells out his theme, using the Cape Hatteras Light House as a Beam of Light on Service. Light on Youth, Light on Leadership, Shine a Light on Public Relations, Shine a Light on Giving. And not to be left out is The Beam of Light on MEMBERSHIP.

Each International President has his theme and each District Governor has his or her ideas.

This Year. Well GUESS WHAT?

There are no changes in the goals that Lion Albert Olizi, IPDG, started last year. We are asking each club to do their thing. Retain the members they have. Have a PLUS ONE net at the end of the year. Be active in seeking a new member for your club. Be active in the district cabinet and sight meetings. Be active in your community. Serve the community.

Is this year any different? The Lions that are serving your clubs are still all volunteers. They give up their time to serve you and your club. You will not need to wait until the August reorganization meeting to know who they are. They may have already talked with your secretary and presidents. This year's volunteers are listed on the second page of this newsletter. Lions are not any different than a business with employees that are well trained, have goals and love their jobs. Your three district governors are volunteers. YES...THREE. District Lions of 16C has three governors: The District Governor Lion Jim Heisler from the Hammonton Lions Club, 1st Vice District Governor Lion Dayl Baile from the Gloucester City Lions Club, and 2nd Vice District Governor Lion Nancy Nelson from the Vineland Lions. Why? One reason "WE SERVE".

We ask our volunteer club presidents, secretaries and other officers of the clubs to take training. A couple of hours to better understand the procedures of the office they have volunteered to do for the year, or two or ?? Lion Charles Wiemer PID has already conducted a training evening for these positions. Some attended, many did not. We thank those that attended. Things change in businesses and they change in organizations. Lions Clubs are no different. The Lions, in all the positions of Leadership are being asked to take several hours of training to be able to serve your clubs. Committee chairs have had some changes. Your club officers will get their directories at the re-organization meeting in August. Planning is being done for new places to go to eat with a more selective menu for our Lion's meetings. As your Governor, I pledge to you that I will do my best to further the causes of the Lions organization, in our district, state and our clubs. You will soon be getting the dates selected for visitation to your club. The Reorganization Meeting will be Monday, August 23rd. at the John D. Young Blind Center in Absecon. The balance of cabinet and sight meetings will be in the directory.
